

To Our Valued Customers

I hope everyone has been doing well this year and ready to return to dance, gymnastics, and day camp.

Tapio School of Dance and Gymnastics was considered an essential business in March 2020, and we have conducted our weekly day camps for working parents. All our youth activities and sports (dance and gymnastics included) were allowed to open May 31, 2020. To our customers, we are here to support you as best we can by ensuring our employees and our customer's health and safety are top priorities. Below are some precautions, protocol, and changes we have made, been practicing and will continue – to keep our establishment safe for your children and our staff.

- Waiting room will be closed to limit the number in the building, promoting social distancing
- Virtual class observation on select days through Zoom
- Modified drop off and pick up procedures – parents will drop children off at the front door, parents may walk to the door with their children but not permitted to enter, when class is dismissed: Dancers – exit: at Studio D door; Gymnasts – exit: will be brought to the front yard from our side door in the gym area to you – day camps and ASPUP children will dropped off and picked up at the front door
- Drop off no more than 5 minutes before class; no late arrivers please; pick up promptly and on time; teachers cannot wait for you to arrive in the parking lot – no space to wait, teachers have cleaning to do before the next class arrives
- If your child is sick – stay home, if they are showing symptoms – stay home, if they have come in contact with / exposed to anyone who is infected with COVID – stay home. Make up classes are available
- Masks are not required
- Masks will not be worn by vaccinated staff
- No water fountains, refrigerators, freezers, coolers will be used – please send easy open/close water bottles for your child
- Increased disinfecting of high touch areas/surfaces
- Frequent hand washing/sanitizing – please send personal use hand sanitizer in your child's bag
- Spacing children in class by marking classroom and gym floors with safe distance
- Cohorts for full day camps and ASPUP
- Along with the extra cleaning our staff is doing throughout the day and nightly the entire building is clean, our building space is professionally cleaned and disinfected every weekend and goes through electrostatic remediation treatment – Covid-19 protocol began in March which will continue throughout this pandemic
- If Tapio's temporarily closes due to Covid-19, classes will be rescheduled at a later date and no class refund will be given or transferred to another program. If rescheduled classes are unable to happen, we will do virtual classes. If we are unable to continue virtually, you will only be charged per lesson for the classes that were held.

Students should come prepared for class/camp in correct attire, all required supplies in a bag, hair pulled up in a secured ponytail, personal use hand sanitizer, and an easy open/close full water bottle.

Please email us with any questions or concerns. We will respond as promptly as possible.
